

Bedtime Stories For The Little Ones

UNCLE WIGGILY AND SUSIE'S MUFF,
By HOWARD GARIS.

ONE day, as Uncle Wiggily was hopping along through the woods he met Susie Littlefellow and the little rabbit mice mother.

"Why, Susie! Aren't you going to school today?" asked Uncle Wiggily, as he took off his tall silk hat and made a low and polite bow to Mrs. Littlefellow.

"Oh, yes, she's going," spoke Susie's mother. "But first I'm going to take her to the 11 and 12 cent store and buy her a new muff. I was going to wait until Christmas, but Susie's paws are so cold now that I thought I would not wait, but would get the muff at once."

"I think it would be best," spoke the mother. "Cold paws aren't good for little rabbit girls. I hope you get a nice muff, Susie."

HOW TO DARKEN GRAY HAIR

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair.

Mr. Frank Harbaugh of Cincinnati, Ohio, who has been a barber for more than 45 years, recently made the following statement:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo Compound and 1 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look 10 years younger. It is easy to use, does not color the most delicate scalp, is not sticky or greasy and does not rub off."

The Best Cough Syrup is Home-made.

Here's an easy way to make it, and you have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do you will understand why thousands of families, the world over, feel that they could hardly keep home without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clear honey, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never sickens, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost. It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, breaks the mucus, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and beneficial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

BULLARD'S EVAPORATED TAMPECO PEPPER SAUCE

The Sauce with a Flavor that wins favor. Taste today. Your money refunded if not a better sauce than you ever bought.

EVAPORATED PEPPER PRODUCTS, ST. MARTINVILLE, LA.

Is Your Motor Trucking Done On Faith or Facts?

A WELL-KNOWN banker recently remarked that he quickly gauged the value of a business risk by the completeness of its cost system.

Can you imagine a successful manufacturer pricing his line without knowing freight rates?

Or a merchant guessing at an item representing twenty percent, or fifteen percent, or even one percent of his costs?

Motor trucking costs are as important as any costs in a man's business.

Of the average cost of ice—46 percent is transportation. Of soft drinks—20 percent. Of brick—20 percent. Of bread and pastry—19 percent. Of laundry work—15 percent. Of coal and wood—15 percent. Of ice cream—14 percent. Of dairy products—12 percent. Of lumber—6 percent. Of groceries and meats—4 percent.

The operating costs of 1700 trucks which were entered in the Packard National Efficiency Test for 1918 and an equal number in the Test for

1919 were kept on the National Standard Cost System—a cost system which is endorsed by leading truck owners throughout the United States for all businesses and all makes of trucks.

The experience of Packard owners with the National Standard Cost System has proved extremely satisfactory because in the long run it has automatically proved the low cost of Packard transportation.

As one of our owners puts it: "Good work comes from a good truck." He should know for he has been operating a 6-ton Packard seven days a week for fifteen months with an average load of 156 eight-gallon cans of milk weighing 13,260 lbs. And has made his National Cost System records as much a part of truck routine as filling with gas and oil.

All truck owners should know how to get the facts. There is a Packard Freight Transportation department at Packard headquarters in this city. Consult them. There is no charge for the service.

GOOD ROADS REDUCE TRANSPORTATION COSTS. The products of farm and factory can be moved more cheaply along good roads. Buy road bonds and help bring down the cost of living.

The Old Family Album

By L. E. CLAYPOOL

THE president of the El Paso chamber of commerce began to preside over things during the year of 1881. From the day of his birth, that year, the little town of Clinton, Indiana and the much larger city of El Paso have never been far apart. For wherever Charles Bassett is to be found there is activity, might and power.

At the age of one Mr. Bassett lost the best friend a man has—his mother. The baby was reared by Mrs. L. N. Washburn, his aunt. Shortly after his mother died Mr. Bassett's father, O. T. Bassett, came to El Paso and started a lumber yard. The elder Mr. Bassett died when the son was 17, leaving him, entirely, then, to the care of Mrs. Washburn.

Charles spent his winters in Indiana in school, until he was 19 years of age. His summers he spent in El Paso, working in his father's lumber yard.

C. N. BASSETT, 4 YEARS OF AGE

Mr. Bassett's college days were spent at Wabash college, Crawfordsville, Indiana. He started in this school at an age when many boys have not yet started to high school. His "fresh" course started when he was fourteen. He attended the college until he was twenty.

RED CROSS TO MAKE LOANS TO THE DISABLED SOLDIERS

Washington, D. C., Dec. 4.—Disabled soldiers and sailors receiving vocational training who are in need of money because of delay in receiving their training pay, may obtain loans from home service sections of the American Red Cross. A fund of \$75,000 for the purpose was created today.

NEW AUTOMOBILE MAN. Chas. A. Waterman, of Nelson, B. C., arrived in El Paso yesterday to become a partner in the former firm of Hart & Mendenhall, agents in El Paso for the Little Motor car, being made in Dallas, Texas and Waterman will maintain offices at 233 San Antonio street. Mr. Mendenhall retires from the firm.

Don't Spoil a Good Meal With a Bad Stomach

If a physician, a specialist in stomach diseases, came to you and said: "I will fix up that miserable, worn-out stomach for you or money back." I will make it as good as new so you will not suffer from any disease and can eat what you want without fear or suffering, or money back would you turn down his offer?

Hogwallow Locals

A NEW empty quart bottle has been found in a fence corner on the Gander creek road. Many have gathered these today to view it, and an air of mystery hangs over the scene. There was talk of sending for the bloodhounds, but it is not believed that the unknown person has any more.

Give Your Hair Daily Care by Using Famo Regularly

To keep your teeth clean and healthy—to avoid pyorrhea—you brush your teeth, not once a week, but every day.

To keep your hair clean and healthy—to avoid seborrhea—you should use Famo, not once a week, but every day.

In other words, your teeth get daily care—why not your hair?

Famo kills the seborrheic germ that causes dandruff.

But it isn't fair—to Famo or your hair—to expect a weekly Famo treatment to root all dandruff bacilli, and keep your head free from seborrhea.

It is true that Famo does drive out the dandruff germ after the first few applications.

But the deadly germ will surely come back unless the use of Famo is continued regularly and faithfully.

Use Famo daily, and your hair will always be clean and soft and wavy. Famo is really a medicine for the scalp and hair, and should be used as a medicine, faithfully and continuously.

Note the difference in your hair, when you use Famo every day. Famo is sold at all toilet goods counters, in two sizes—\$1 and 25 cents.

Your money will be refunded, if Famo doesn't give complete satisfaction.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrheic excretion forms in scales and flakes and is commonly known as dandruff.

From the laboratories of F. A. Thompson & Company, Manufacturing Pharmacists, Detroit, Mich.
